

Asmara double glass solar curtain wall custom manufacturer

Collaborating with experienced designers and manufacturers ensures that the selected curtain wall system meets both aesthetic and functional needs while adhering to budget constraints.

Explore premium Aluminum Double Glass Curtain Walls directly from the manufacturer. Energy-efficient, customizable, and designed for homes or commercial buildings.

Made with infinitely recyclable, low-carbon footprint glass, Lumyra facades achieve an Energy Payback Time (EPBT) of only 0.8-2 years, compared to 4 years for traditional panels.

With a wide range of customizable options available, including different glass thicknesses, colors, and coatings, our double glass curtain walls can be tailored to meet the unique needs of any project.

Instead of fabricated lengths of extruded profile to be put together on-site, followed by the glass/panels, we deliver to the site fully assembled glazed panels from the factory.
