

Canberra large mobile energy storage vehicle customization

Who is delivering the Big Canberra battery in Williamsdale?

The Government has partnered with Eku Energy to deliver the next stage of the Big Canberra Battery with a large-scale battery storage facility in Williamsdale.

What is the Big Canberra battery?

The Big Canberra Battery will play a crucial role in managing peak electricity use demand and in supporting the ACT's transition to a more sustainable energy future. For technical specifications of our work on the Big Canberra Battery, or to discuss engaging us on similarly ambitious battery storage projects, please contact our team.

What does the Big Canberra battery mean for Eku energy?

The Big Canberra Battery represents a significant milestone for Eku Energy as we celebrate our first GWh of battery energy storage in delivery in Australia. This brings our global portfolio of battery energy storage assets to over 4GWh.

Will big battery power a third of Canberra households in 2025?

Canberra Times: ground breaking ceremony, plugging in profits from a big battery. ITP Renewables was engaged by Eku Energy to provide expert planning support throughout the development and delivery phases of the 250 MW Big Canberra Battery system, which will begin powering one-third of Canberra households from 2025.

Why Mobile Energy Storage is Stealing the Spotlight Let's face it - traditional energy solutions are about as flexible as a brick wall. Enter customized large mobile energy storage vehicles, the Swiss Army ...

The Big Canberra Battery will play a crucial role in managing peak electricity use demand and in supporting the ACT's transition to a more sustainable energy future. For technical specifications of ...

The objective was to expand renewable energy storage and future-proof Canberra's energy supply. The project aims to deliver the next stage of the Big Canberra Battery by establishing a large-scale ...

The Canberra Compressed Air Energy Storage (CAES) Project represents a breakthrough in large-scale energy storage, addressing one of renewable energy's biggest challenges: intermittency.

The Big Canberra Battery project has reached another milestone. A transformer was delivered to the Williamsdale construction site this week. The transformer makes sure the electricity ...

Who is delivering the Big Canberra battery in Williamsdale? The Government has partnered with Eku Energy to deliver the next stage of the Big Canberra Battery with a large-scale battery storage facility ...

Canberra Times: ground breaking ceremony, plugging in profits from a big battery. ITP Renewables was
