

# Customized container power house

We are a family owned and operated container home builder. Using a combination of 20- and 40-foot containers, we create unique, functional, and modern container structures.

As a leading power generation container room manufacturer, we've seen firsthand how customized solutions are becoming the backbone. Imagine a Swiss Army knife - compact, adaptable, and ready ...

Each container house is fully customizable, including layout and size (20ft, 40ft, combined containers, or multi-story containers), interior finishes, insulated walls and roofs, and smart home integration.

We design and build container generator units, shipping container power units, and modular generator housing that meet the highest standards of safety and performance.

At Highjoule, we specialize in designing and manufacturing customized solar and energy storage solutions to meet diverse energy demands -- from grid-tied urban systems to remote off-grid ...

We manufacture beautiful, comfortable, and high-quality prefabricated solar off-grid shipping container homes for sale.

We repurpose sea-worthy shipping containers into fully-functional E-Houses, designed to safely integrate and house complete electrical systems. These containers can be customized >100 feet in ...

Each energy storage container is customized according to system capacity, equipment configuration, and site conditions. No fixed templates, only practical solutions.

Highjoule provides advanced BESS solutions for C& I applications, including energy storage cabinets (30kWh-1MWh), containerized systems (1MWh-30MWh+), and fully customized solutions.

Our off-grid shipping container homes offer a unique opportunity to create a self-sufficient, personalized haven designed to fit your needs. From innovative floor plans to green features, discover how you ...
