

Cyber 12k review

Starting out with 1 cyber 12k, would it be able to support around 10k clamped watts? I am concerned because there is not a whole lot out there on them, and the few reviews that there are are mixed ...

Limitless Cyber series 12K battery features the newest in Lifepo4 technology creating BIG power in a small footprint!

I'm guessing the Cyber 12K is the newer version of these lithium batteries. Both cost about the same. Im new to this whole lithium battery game in car audio. All I know is the cyber 12k is 38ah ...

Here I test out the new limitless lithium cyber 12k car audio battery. (6k and 12k available). It's running up against my XS Power AGM bank comprised of 3 XP 3000"s.

Upgrade to the Limitless Lithium Cyber 12K, the ultimate battery solution for bassheads. With advanced technology, compatibility, and affordability, experience limitless power and performance like never ...

I also didn't like that 14.8v was the max charging voltage I could put in the cyber 12k. The best deal on lithium that I have seen is from Slamber XB but your alternators need to be able to do 15.5v to get ...

Volt. ge (Charge Voltag.

This Limitless Lithium Cyber 12k V2 is the one battery that will do it all. Lifepo4 technology 45AH ...more

A: lithium is 4x more powerful, 10x lighter, safer and will last 10x longer than any other battery type available for your Bike. Lead acid and AGM batteries can't compare in any way to lithium batteries ...

Upgrade to the Limitless Lithium Cyber 12K, the ultimate battery solution for ...

Excellent product. Can handle the pounding of high end amplifiers and subwoofers without any issues. Matched with a Mechman alternator.
