

Generator switchgear in China in Dominican-Republic

Does himoinsa manufacture power generation equipment?

Himoinsa manufactures and delivers power generation equipment globally. Products available include generator sets both diesel and gas, hybrid power gensets, lighting towers and paralleling systems. HIMOINSA manufactures and delivers power generation equipment worldwide.

How many kVA does a himoinsa diesel generator have?

Heavy Range - HIMOINSA's heavy range of diesel generators is available from 670kVA-3.000kVA. It also comes in various configurations including container versions of 20' and 40' HC that can be equipped with different synchronisation systems, open skid, and with soundproofed canopies.

What is a himoinsa gas generator?

HIMOINSA gas generator sets are available worldwide, and can be powered by LPG, biogas and natural gas. With a power output range of 8kW to 1,500kW the set offers low-noise levels and vibrations. They also provide lower maintenance costs and lower emissions than the diesel generator option.

Which hybrid generators are best for the telecom sector?

For use in the telecom sector, HIMOINSA has designed the HPS 1500DCV and HPS 3000DCV hybrid generator sets which can offer fuel consumption savings of 40% when compared to a standard generator set and 20% in comparison to sets with a set speed. The company also offers a varied range of lighting towers, which are small and hard-wearing.
