

Intelligent Edge Computing Energy Storage Cabinet in New Zealand

Talk to our solution architects to explore how DiGiCOR's IoT platforms can accelerate your edge deployments, reduce latency, and future-proof your infrastructure.

Huijue Group offers industrial and commercial energy storage, PV-BESS -EV Charging, Off-grid / On-grid Microgrid, telecom site solutions, and home solar energy storage, ensuring ...

Compact and light compared with traditional alternatives, these cutting-edge energy storage systems are ideal for applications with a high energy demand and variable load profiles, accounting for both low ...

Our product range enables you to meet these challenges and protect your IT assets, whether for smaller decentralized edge computing, harsh environments, or large data center installations.

Micro Data Centres (security safes) provide a high level of protection for your edge application. Security rooms or container solutions ensure maximum security and scalability. This encompasses IT racks ...

The HPE Edge Center provides flexibility to deploy computing fast and efficiently, where and when you need it. The perfect solution for Industrial IoT as well as other enterprise edge or AI workloads.

At its core, built edge technology integrates physical building structures with energy-harnessing infrastructure and advanced computing systems. It allows data to be processed and stored onsite ...

Featuring lithium-ion batteries, integrated thermal management, and smart BMS technology, these cabinets are perfect for grid-tied, off-grid, and microgrid applications. Explore reliable, and IEC ...

Discover our edge computing solutions from Edge AI to IoT edge computing for faster, greener, and smarter hybrid IT Infrastructure.

Bringing data closer to the source with the intelligent edge allows you to optimise your cloud use, ensuring only what's necessary lives in the cloud. Not only does edge technology reduce your cloud ...
