

Ireland's Folding Container Fast Charging

How many EVs can a Fellten charge Qube charge?

Fellten offers the Charge Qube in three variants: an energy storage-only unit provides off-grid power solutions; a Type 2 AC charging version is aimed at fleet users and capable of charging up to 12 EVs simultaneously at a rate of 7kW per-port.

How many EV charging hubs will Ireland get?

Ireland is set to gain 53 new high-powered EV charging hubs thanks to a funding initiative by the government. The programme will see 175 new fast and ultra-fast charging points delivered along the country's national road network.

What is CCS DC fast charging?

CCS DC Fast Charging - Featuring dual 150kW CCS chargers, suitable for high-speed public and commercial EV charging. Sustainable Innovation: Utilises second-life EV battery packs, extending their lifespan by up to 25 years while reducing carbon footprint and costs.

How many fast and ultra-fast charging points will Ireland have?

The programme will see 175 new fast and ultra-fast charging points delivered along the country's national road network. Ireland's Minister for Transport, Darragh O'Brien, announced earlier this month that EUR7.9 million euros worth of funding will be provided in grants towards charging infrastructure.

Revolutionising Mobile Energy Solutions The Charge Qube integrates seamlessly into existing energy networks or works as a stand-alone power source. It supports both AC and DC fast ...

Ireland's Dept. of Transport recently announced 90 new EV charging hubs will be installed with 192 fast charging ports.

The unit also uses second-life battery packs, and extends their lifespan by up to 25 years. The Charge Qube provides scalable energy storage from 150kWh to 450kWh per-unit and supports ...

Ireland is set to gain 53 new high-powered EV charging hubs thanks to a funding initiative by the government. The programme will see 175 new fast and ultra-fast charging points delivered ...

Based on a repurposed container and second-life EV battery packs, Charge Qube has integrated chargers and connected "pavilions" to serve multiple vehicles (Image courtesy of Fellten) Boxing ...

? Ireland's #1 FREE EV resource. Find all public chargers, check grant eligibility (EUR600-EUR5,000), calculate savings vs petrol. Official SEAI & ESB data.

Unlike conventional energy storage systems, the Charge Qube: Requires no planning permissions for deployment, making it ideal for temporary or semi-permanent charging hubs. Stores ...

Ireland's Folding Container Fast Charging

To address these issues, the Fellten Group has introduced the Charge Qube, a modular, all-in-one charging and energy storage solution. Key Features of Charge Qube Rapid Deployment: ...

Minister for Transport Darragh O'Brien today announced the sites of 53 new high-power recharging hubs to service the expanding electric vehicle (EV) fleet across Ireland's national road ...

Housed within a durable 10-foot sea container, it immediately integrates into existing energy or charging networks. Compact, modular, and built with sustainability at its core, the Charge Qube combines ...
