

Longi photovoltaic panel module model query

To query the authenticity of LONGi PV module, please enter the product barcode, which is a string of numbers on the front or back of the module.

The first principle of ensuring the authenticity of Longi solar panels is that the product should be bought from an authorized dealer or distributor of Longi solar panels.

The digital string code is behind the component board, as shown in the figure.

Innovations also at the module level: In addition to several advancements at the cell level, LONGi's HPBC structure also supports line interconnections at the module level rather than Z-shaped ...
