

Photovoltaic earthquake-resistant pipe gallery support manufacturer

Earthquake Brace and Bolt (EBB) retrofit technique is a cost-effective and efficient way to improve the structural integrity of an existing building and make it more resistant to seismic activity.

Seismic pipe supports ensure safety in earthquake-prone areas. Find heavy-duty, corrosion-resistant solutions for industrial use. Click to explore options.

With strong strength, our company has more than 10 advanced production machines, which not only provide high-precision production capacity, but also ensure stable production efficiency. Meanwhile, ...

Hebei Qierjie New Energy Technology Co., Ltd.: We're professional seismic bracing, photovoltaic support, aluminum accessory, standard clevis hanger, hexagon coupling nut manufacturers ...

Handu's main businesses include pipe gallery fire-fighting and anti-seismic supports and hangers, photovoltaic installation accessories, pipe corridor supports, etc. Handu is one of the largest ...

BIM Metal is founded in 1997 with a registered capital of RMB 100 million, which is a solution supplier that integrates the R& D and manufacture of building products, the design of supports and hangers, ...

Product introduction. Always focus on the production of C, Z, U, M, C, Z, special-shaped, and other cold-formed steel, pipe gallery seismic support, solar photovoltaic support and support accessories, ...

With 60GW annual production capacity, it becomes one of the largest bracket suppliers in China. NCNF has always paid attention to product quality management. From the entry of raw materials to the ...

Our pipe support products relieve stresses caused by thermal expansion and contraction of high and low temperature piping in plants and prevent piping from shaking due to earthquakes.

The company occupies an area of 24 acres and has a full set of production lines for anti-seismic support and hanger accessories, photovoltaic solar brackets, and more than 30 assembly lines of pressing ...
