

Price quote for 40-foot photovoltaic containers used in European ports

How do container freight costs differ from Port to Port?

Moving container costs for goods from port to port and country to country differs majorly depending on several key factors that are given below: Container freight cost is dependent on the route you select from the port of origin to the port of destination.

Is LCL shipping more expensive than FCL?

LCL shipping is usually more expensive per unit than FCL. It takes less and more specific (less than 15 CBM) cargo volume in the container. FCL: For international moves, a full container load charges about \$4000 which is approximately 27-30% more than LCL.

How much does shipping cost in Europe?

Prices to Northern Europe rose 11% last week to over \$2,700/FEU, while Mediterranean rates increased 15% to \$3,850/FEU, with daily Mediterranean rates already exceeding \$4,000/FEU. Continued Red Sea diversions are contributing to the early start of pre-Lunar New Year shipping, as shippers seek to avoid longer post-holiday transit delays.

How much does Freightos cost?

Currently, prices are around \$2,100/FEU on the China/Central Asia to North America West Coast route and about \$3,350/FEU on the China/Central Asia to North America East Coast route. Can I compare shipping costs to multiple destinations on the Freightos Marketplace?
