

Solar double-glass module manufacturing company

What is a double glass module?

Double glass module: the front and back two pieces of glass + photovoltaic cells are compounded by encapsulation film. Traditional double glass module package: EVA+EVA, EVA+POE, POE+POE. Jiaxing Fuying double glass module package: PVB+PVB.

How many patents are there for double-glass solar modules?

We have an independent R&D team with 11-year solar modules R&D experience. We can adhere to the product innovation, to ensure the delivery of a new series of products every quarter. As of 2020, the team has developed 67 intellectual patents for our double-glass products.

Who are the top solar panel manufacturers in China?

1. Top Solar Panel Manufacturers in China (2026) ranked by module shipments Q1 2025 1.1. JinkoSolar Holding Co., Ltd. JinkoSolar is one of the largest solar panels manufacturer in China and is known to build a vertically integrated solar PV module chain with 12 global production facilities and 22 overseas subsidiaries in various countries.

What is Jiaxing Fuying double glass module package?

Jiaxing Fuying double glass module package: PVB+PVB. The life cycle is longer, the warranty for ordinary modules is 25 years, and the warranty for double glass modules is 35 years. The attenuation is low, the attenuation of the traditional module is about 0.7%, and the double glass module is 0.5%.

Its portfolio is huge and includes products such as MBB Half-Cell Module and MBB Bifacial PERC Half-Cell Double Glass Module available in 54-cell, 60-cell, and 72-cell configurations making ...

We are China double glass modules manufacturer and custom PV solar panels factory, The company is committed to building a composite functional film, PVB double glass photovoltaic module application ...

The double glass module photovoltaic (PV) glass market is primarily dominated by vertically integrated manufacturers with established expertise in solar glass production and global supply chains.

Raytech as a manufacturer and supplier of high-quality double glass solar panel, solar module, and solar panel, provide you with high-quality products and solar module customization service.

It has a daily melting capacity of 500 tons and an annual deep processing capacity of 12,000,000 SQM, which could provide glass for manufacturing 160MW solar modules per month. ...

Dual-glass Module-Ningbo Sun Earth Solar is a cornerstone of the solar technology industry and the proud producer of the first civilian solar module in China.-The National Solar ...

" Trina Solar is the world's first company that obtained PID test certificate from TÜV Rheinland, it is

Solar double-glass module manufacturing company

also the industry-first company in the Asian-Pacific region that acquired fire-safety ...

The main business of the company is the research and development, manufacturing, and sales of various glass products, providing solar photovoltaic glass products for the world's major ...

Why Choose Double Glass Solar Modules? Glass-glass solar modules (bifacial modules) increase energy production by approximately 2% to 5% compared to traditional glass-backsheet modules, ...
