

# Spanish container frame wholesale

Who are the leading container suppliers in Spain?

Leading Containers Suppliers Spain B Containers is a trusted name among the leading container suppliers in Spain, delivering top-quality shipping containers to meet diverse needs. Our wide range includes standard, high cube, open top, and custom containers, ensuring we have the perfect solution for any project.

What types of containers are available in Spain?

We understand that every customer has unique requirements in Spain, which is why we offer a variety of container types and sizes, from standard 20ft and 40ft units to specialized high cubes, open tops, and double-end door containers.

What is the standard size of a container frame?

The container frames are manufactured to the ISO standard size of length 6,058 mm x width 2,438 mm x height 2,800 mm, ensuring maximum compatibility with other modules in further expansion. Upon request, the frames are also available in the standard width of 3 meters. A verifiable static type forms the central basis for further expansion planning.

What is a steel container frame?

Container Structure The steel container frames consist of welded steel profiles with reinforced container corners. A fully galvanized frame, along with roof and floor supports, significantly enhances durability and serves as the basis for necessary stability. Additionally, for secure transport with heavy equipment, there are forklift pockets.
