

Super Farad Capacitor Power Supply

Nothing beats experiencing the true performance of your audio system. A high quality power supply is fundamental to achieve such results. Farad Power Supplies developed a new principle for ultra-low ...

The linear power supply is mounted in an aluminum enclosure on a high quality gold plated PCB with star ground and star power supply configuration. Farad linear power supplies are fully protected ...

The tech inside consists of a double regulated "super capacitor" linear power supply. Farad explains that "Super capacitors combine a very high capacitance with high pulse power capability ...

Within the relatively compact chassis of the Farad Super3 linear power supply consists of a double regulated "super capacitor" linear power supply. Mattijs reports that "super-capacitors combine a very ...

Super6 uses super capacitors to replace batteries, providing a stable and pure power supply for the ultra-low noise linear voltage stabilizer at the rear, but without the disadvantages of batteries.

The Farad Super6 Power Supply Super6 is a double regulated 6A High Current super capacitor linear power supply. With the latest of capacitor technology, it brings a great improvement to any system, ...

The Farad Super3 brings great improvement in any system, not only when replacing a switch mode power supply (SMPS), but also when replacing a linear power supply and even if your gear has an ...

The Farad Super3 brings great improvement in any system, not only ...

Super Farad Capacitor Power Supply
