

Tongwei solar power generation capacity

How much power does Tongwei have?

Moreover, the company has a cumulative installed and grid-connected capacity of 4.79 GW across 56 "Fishery & PV Integration" power stations. After years of rapid development, Tongwei has emerged as a leading Chinese enterprise in agricultural industrialization and a prominent producer of aquatic feed.

What is Tongwei solar module?

It is the first module project invested and constructed by Tongwei Co., Ltd. in Jiangsu and is currently the module base with the largest single-line capacity in the global PV industry, leading the industry in terms of digitalization, intelligence, and automation.

What makes Tongwei a leader in the PV industry?

This impressive rise has its roots in Tongwei's approach to manufacturing, which values resilience and quality above all. The company has established four major module production bases in Hefei, Jintang, Nantong and Yancheng, the largest single-site module base in the global PV industry.

Who is Tongwei new energy?

Focusing on the full investment process services of PV terminals, including investment and development, planning and design, and intelligent operation and maintenance, Tongwei New Energy has formed an innovative "Fishery & PV Integration" development model enabling "electricity generation above water and aquaculture in water".

From 2024 to 2026, Tongwei Solar plans to increase its cell capacity to 130 to 150 GW, dedicating more than 66 GW of this capacity to TOPCon technology-based TNC cells, and aiming for ...

Could Tongwei solar become the world's first vertically-integrated solar module supplier? Image: PV Tech. Following on from recent blogs exploring PV module pricing and the future of industry supply ...

By the end of 2024, China's cumulative installed PV capacity reached 886.66 GW. PV power generation has become a key driver in China's pursuit of its "carbon peaking and carbon neutrality" goals.

World's Largest Crystalline Silicon Solar Cell Producer The PV power plants dominated by the "Integration of PV and Fishery" model have 4.07GW capacity High-purity Crystalline Silicon ...

Over the past three years, Tongwei has made a remarkable leap in the solar sector, shipping over 100GW of modules at record-breaking speed.

Tongwei Co., Ltd., controlled by Tongwei Group, is a large-scale, privately listed technology company with core businesses in green agriculture and green energy. As of June 2025, the company operates ...

Tongwei announced plans for further expansion in the PV module business 40+ Tongwei's products reached

Tongwei solar power generation capacity

more than 40 countries and regions worldwide.

Company Profile Tongwei Co.,Ltd is a large-scale listed company of Tongwei Group, deeply involved in Green Agriculture and Renewable Energy. Tongwei now has more than 200 ...

Tongwei Group, as a pioneer in the integration of solar photovoltaic power and aquaculture industries, has established 52 such bases. At present, the base has achieved a total installed capacity of 100 ...
