

# Transaction Terms for a 20kW Folding Container

Which criterion is used in the classification of the Incoterms 2020?

In the classification of the Incoterms 2020, the prevailing approach is the mode of transport used. The first criterion is the mode of transport used. In the version of the Incoterms 2020, there are seven Incoterms that can be used with any mode of transport (surface, air or sea) or multiple modes (multimodal).

What does 'on board' mean in Incoterms 2020?

In the Incoterms 2020 version a new option is established: in the case of maritime transport, the buyer can give instructions to the shipping company that has hired to issue a Bill of Lading B/L on behalf of the seller the notation "on board", which indicates that the goods have been loaded on board of the ship.

What is a place or port of delivery in Incoterms 2020?

In all Incoterms 2020 rules, A2 will define the place or port of "delivery"--and that place or port is closest to the seller in EXW and FCA (seller's premises) and closest to the buyer in DAP, DPU and DDP. 18. The place or port of delivery identified by A2 is critical both for risk and for costs. 19.

What is multimodal transport in containers?

multimodal sea transport in containers (see Incoterms 2010 publication 715). This term is typically used for heavy - named port of The seller must load themselves the goods and risk is divided when the goods are actually on board of a waterway transport only but NOT for multimodal rail and the port where the goods are to be loaded and there is
