

# Which brand should I choose for 12v inverter

Which Power Inverter should I buy?

The POTEK 500W is an ideal option for buyers looking at car-friendly power inverters to power a slew of electronics and handheld devices. This inverter and its dual 110V AC outlets and two USB ports will have no problem keeping a laptop, Kindle, iPad, or multiple smartphones going with power to spare.

What type of inverter do I Need?

There are two types of inverters: pure sine wave (PSW) and modified sine wave (MSW). Modified sine wave inverters are much cheaper and can work just fine, but we recommend going with a pure sine wave inverter for your van's AC power system. Here's why.

Which Power Inverter should I buy for my RV?

TL;DR: The Ampeak works with everything from cellphones and digital cameras to floodlights and microwaves. If you're looking for a portable power inverter to use on your next RV trip, the AMPEAK 2,000-watt power inverter could be the perfect pick.
